**Sources of Income:** Income to be considered in determination of co-payment is defined as money from all sources “before any deductions such as income taxes, Social Security taxes, insurance premiums, charitable contributions and bonds.” It includes the following:

Salaries	Unemployment Compensation	Pensions
Wages	Scholarships	Annuities
Net earnings from self-employment	Child Support	Public Assistance
Royalties and Commissions	Veteran’s Benefits	Sick Pay
Tips	Social Security cash benefits	Help from relatives and others
Business Profits	Workers’ Compensation	Gambling/Lottery winnings
Rents, Interest, Dividends	Alimony	

Income **does not** refer to the following money receipts: capital gains; assets withdrawn from a bank; sale of property, house or car; tax refunds; gifts; loans; lump-sum inheritances; one-time insurance payments. Compensation for injury should not be included as income unless it is received for treatment that a DHEC program is providing. The value of food and fuel produced and consumed on farms and the imputed value of rent from owner-occupied housing would also be exempt when computing a client’s income.

**Determining Household:** For SC ADAP eligibility purposes household is defined only as the patient, the patient’s spouse, dependent children or adult dependents.
